

PARTH MEHROTRA

SOFTWARE ENGINEER

TIMELINE

May, 2018

Rutgers University, New Brunswick

- Major: Computer Science
- Studied Algorithms, Data Structures, Systems Programming, Operating Systems Design, Mathematics, and Statistics.

June, 2017

Started Code Insights Initiative

- Code Insights is a tool based approach to improving code quality within very large codebases with many contributors.
- Programatically turns version controlled codebases into custom Abstract Syntax Trees which are used to track KPI's for each developer.
- Pending addition to SAP's collection of [Open Source Software](#).
